

Japan

Market size (GW)

1997: 18 MW	2011: 2,501 MW
1998: 30 MW	2012: 2,614 MW
1999: 68 MW	2013: 2,661 MW
2000: 142 MW	2014: 2,788 MW
2001: 275 MW	2015: 3,038 MW
2002: 334 MW	2016: 3,234 MW
2003: 506 MW	2017: 3,400 MW
2004: 896 MW	2018: 3,505 MW
2005: 1,040 MW	2019: 3,923 MW
2006: 1,309 MW	2020: 4,206 MW
2007: 1,528 MW	2021: 4,471 MW
2008: 1,880 MW	2022: 4,577 MW
2009: 2,056 MW	2023: 5,214 MW
2010: 2,304 MW	

WTG manufacturers

Ebara (no longer exists)
Hitachi (active)
JSW (no longer exists)
Komaihaltec (active)
Mitsubishi (no longer exists)
Subaru (acquired)

Main actors

Eurus Energy
Cosmo Eco Power
J-Power
Japan Wind Development
Mitsui
Japan Renewable Energy Corporation
Influx Inc
NEDO
Chubu Electric Power
Mitsubishi
The Okinawa Electric Power Co
Hokkaido Green Fund
Sumitomo
Hokuriku Electric Power Group
Mitsuuroko Green Energy
Community Wind Power
Electric Power Development Co
Green Power Investment Corporation
Hitachi
Clean Energy Factory
JERA
Tohoku Electric Power Co
Komaihaltec
ORIX Corporation
Marubeni

Wind Energy Associations

Japan Wind Energy Association (JWEA), Japan Wind Power Association (JWPA)
