

# Pico Truncado (Argentina)

## Main data

Continent: South America

Country: Argentina

Area: Santa Cruz

Onshore

Status: Dismantled

Status: Operational

Total power: 2,400 kW

## Details

### Part 1

Commissioning: 2001/02

2 turbines

Manufacturer: Wobben

Turbine: E40/600

Power: 1,200 kW

Status: Operational

Operator: Municipalidad de Pico Truncado

Location (WGS84):

- South: 46.80948

- West: 67.98399

### Part 2

Commissioning: 1996/01

Manufacturer: Ventis

Turbine: V20 100

Power: 0 kW

Status: Dismantled

Location (WGS84):

- South: 46.81000

- West: 67.98000

- Remark: approximate location

### Part 3

Commissioning: 1995/05

Manufacturer: Ventis

Turbine: V20 100

Power: 0 kW

Status: Dismantled

Location (WGS84):

- South: 46.81000

- West: 67.98000

- Remark: approximate location
