

Blackspring Ridge (Canada)

Main data

Continent: North America
Country: Canada
Area: Alberta
Onshore
Status: Operational
Total power: 298,800 kW

Details

City: Vulcan
Commissioning: 2014/05
166 turbines
Manufacturer: Vestas
Turbine: V90/1800
Developer: EDF renewables/Mortenson
Operator: EDF renewables
Owner: EDF renewables/Enbridge
Location (WGS84):
- North: 50.40317
- West: 113.26125
- Remark: approximate location
